

Scots International Church, Rotterdam

Active Advent 2021

waiting, longing, hoping and praying...  
...for the for the day of the Lord

As part of the Advent Season, we light Advent Candles in our service each week. You are invited to join in by making your own Advent Wreath so that you can light a candle during the live stream service or before you leave for church or when you get home. Below is a place mat which you are welcome to colour in as you want.

You can use either battery operated Tealights or the real thing.

If using a real flame please be careful of the fire risk.
